# Dynamic Mobile Apps for the Generation Next

Getting online is easy. Succeeding online is a different story. You'll need more than just a beautiful website.

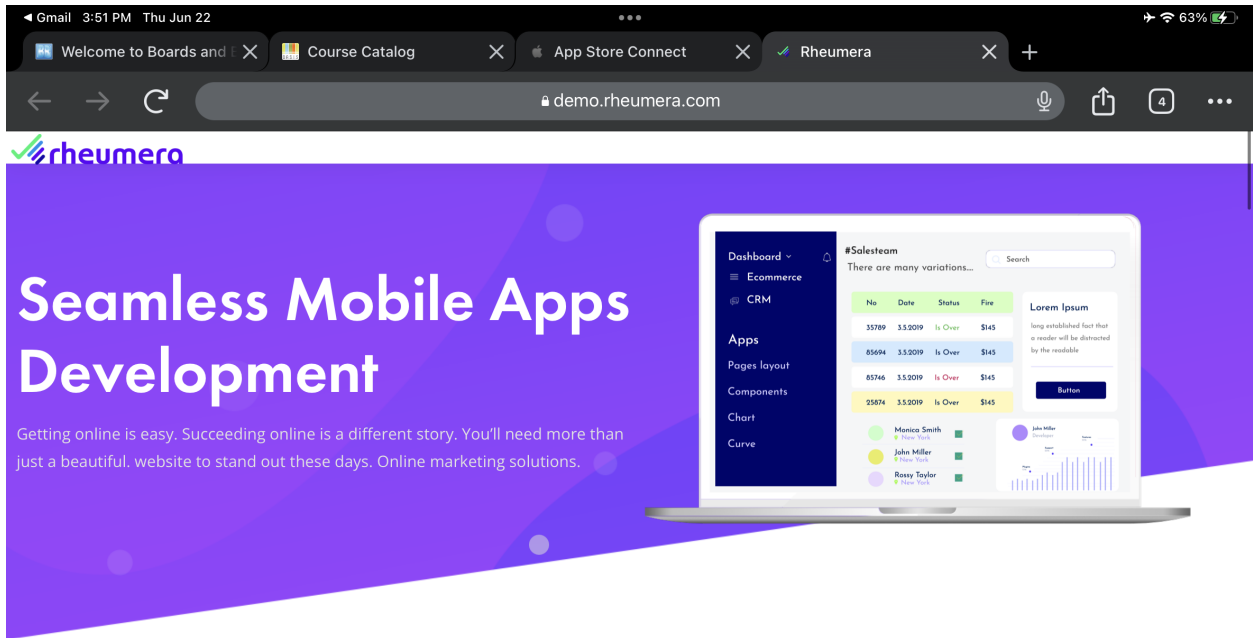

[Start A Project](#)

## Connecting patients and physicians for better outcomes.

Start sharing day-to-day progress with your physician and allow them to follow with easy-to-follow graphs and charts.

Track and share your day-to-day progress. Direct communication and data sharing with your physician and team

Our unique rheumatology-specific patient app allows you to track and share your day-to-day

## Robust Features that Speak Volume

Lorem Ipsum is simply dummy text of the printing and typesetting has been the industry's standard dummy text ever since when

### Physician Dashboard for Easy Monitoring

PROMS immediately update in the physician dashboard, allowing providers to see in real-time how a patient is doing at home and on their medications.

## Robust Features that Speak Volume

Lorem Ipsum is simply dummy text of the printing and typesetting has been the industry's standard dummy text ever since when

### User Interactive

Lorem Ipsum is simply dum text of the printing typesetting has

### Business Analytics

Lorem Ipsum is simply dum text of the printing typesetting has

### Creative Designs

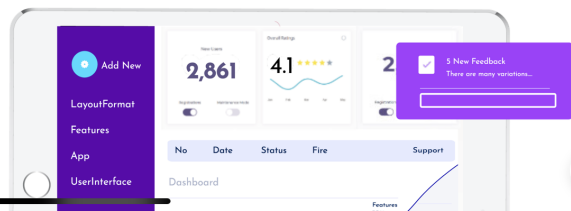

Lorem Ipsum is simply dum text of the printing typesetting has

## Custom Apps Development

### Smart App Implementation

There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some

### Mobile App Design

## Chronic Care Management Tools

Rheumera will help doctors and patient communicate with ease to take better care of chronic rheumatologic conditions

### User Interactive

Patient engagement made simple with easy-to-follow questionnaires, just like the ones in-office, as well as (patient-set) reminders for medications and surveys.

### Data Trends

Both patients and physicians will be able to see trends in pain level, fatigue level, and other PROMS with clear and concise information displayed on charts and graphs.

### Communicate with Ease

With Rheumera, physicians are reminded when patients need follow-up communication, and patients have the ability to leave notes in and concerns in the (chat function? Notes section?) that the provider can look over.

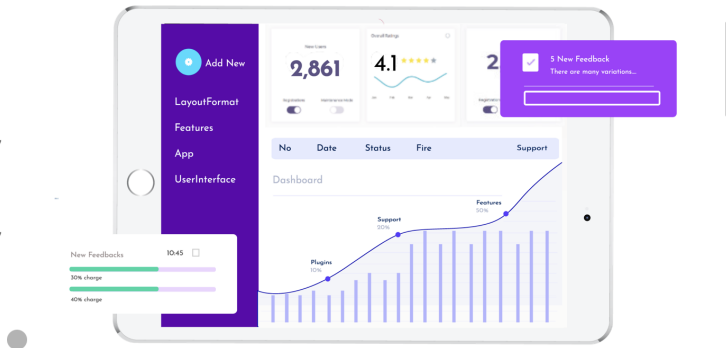

## Custom Apps Development

### Smart App Implementation

There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some

### Mobile App Design

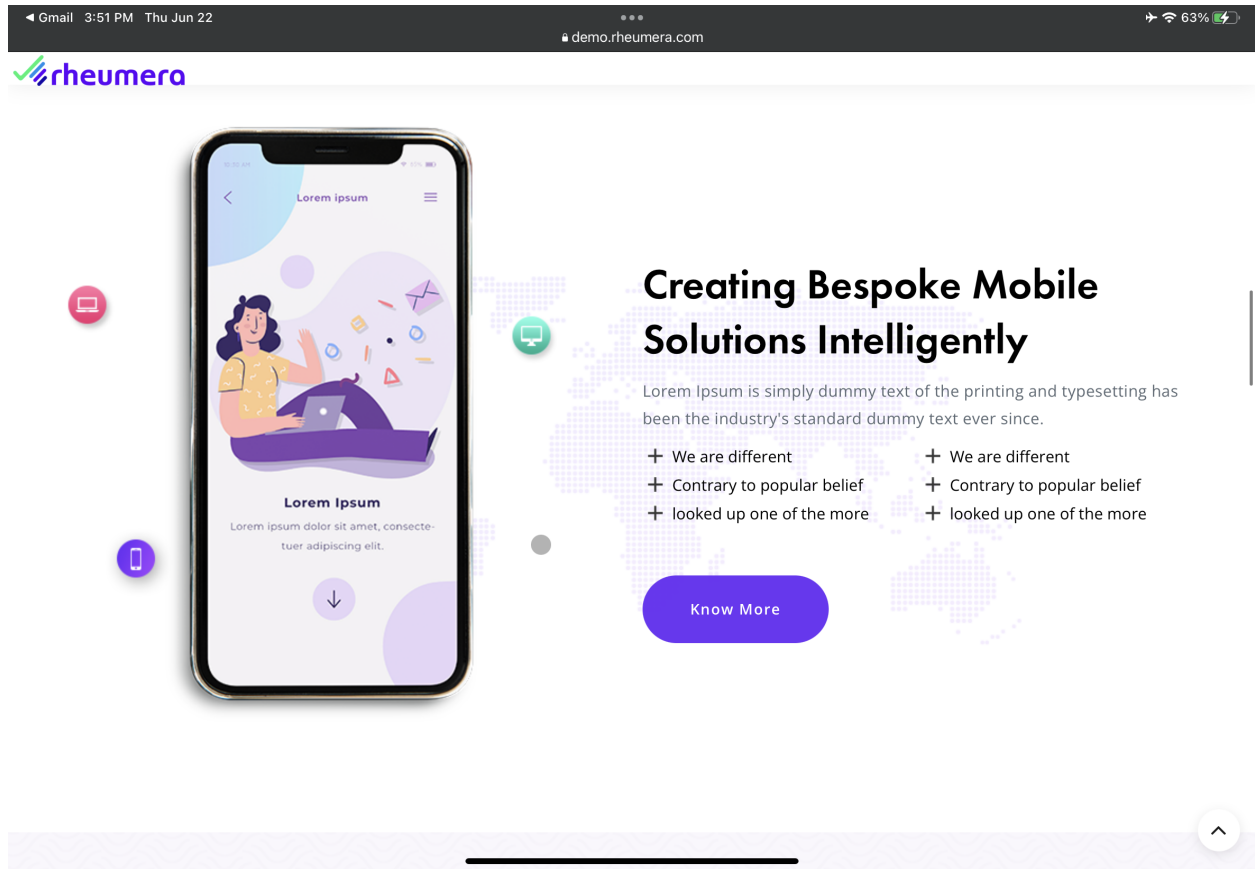

There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some

[Know More](#)

## Creating Bespoke Mobile

### Flare-Up Alerts

Rheumera will see when the patient log is showing some unexpected results and will send an alert to the provider to ensure that personalized but efficient care is taken to bring conditions back under better control.

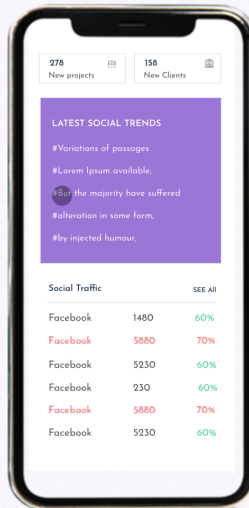

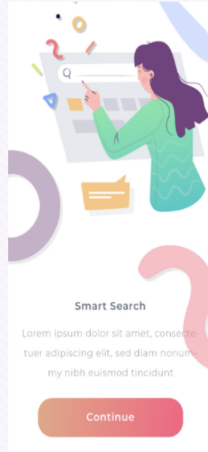

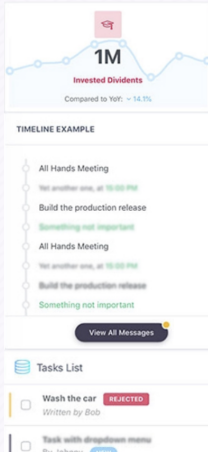

### Custom Health Trends

Going to the doctor's office will be more personalized as more frequent collection of PROMs like pain levels and fatigue will help both patient and doctor see when things just aren't right and allow for more meaningful communication at appointments.

(Bullet what he collect here???)

*We would just need to place the appropriate screenshots in the sections.*

The screenshot displays a mobile application interface with a light blue background. At the top, there are two columns: 'Applications' and 'Maturity'. Under 'Applications', the value is '\$81,990' and the text says 'There are many variations...'. Under 'Maturity', the value is '\$31,990' and the text says 'There are many variations...'. Below this, a text box states 'Lorem Ipsum available, but the majority have'. A horizontal line separates this from the 'TIMELINE EXAMPLE' section. This section contains a list of five items, each with a blue circular icon and a right-pointing arrow: 'There are many variations of passages', 'Lorem Ipsum available, but the majority have', 'Differed alteration in some form, by injected', 'Humor, or randomized words', and 'Don't look even slightly believable'. Below the list is a text box with the placeholder text 'Enter your text here'. The bottom section is titled 'Feedback' and contains two items: '5 New Feedback' with a 'Today' label and 'Server Warning' with a '10:45' label. Each item has a checkbox and the text 'There are many variations...'. At the very bottom, there is a green progress bar labeled '45% charge' and two large buttons: 'Confirm' and 'Submit'.

Applications	Maturity
\$81,990	\$31,990
There are many variations...	There are many variations...

Lorem Ipsum available, but the majority have

### TIMELINE EXAMPLE

- There are many variations of passages
- Lorem Ipsum available, but the majority have
- Differed alteration in some form, by injected
- Humor, or randomized words
- Don't look even slightly believable

Enter your text here

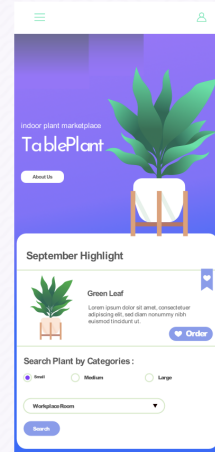

### Feedback

- ☐ 5 New Feedback Today
- ☐ Server Warning 10:45

There are many variations...

45% charge

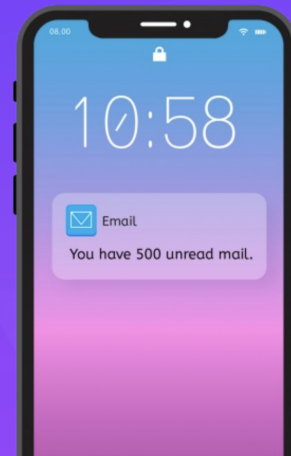

Confirm Submit

## Imagine a World with Versatile Applications

Lorem Ipsum is simply dummy text of the printing and typesetting has been the industry's standard dummy text. ever since when an unknown printer took.

## Commonly Asked Questions

Lorem Ipsum is simply dummy text of the printing and typesetting has been the industry's standard dummy text ever since.
